

INTRODUCING JEWELITE® PRO

Jewelite® trim cap has been the industry standard for channel letter manufacturing – and has been manufactured by Vidon Plastics in Lapeer, MI for the past 35 years.

Along with our classic Jewelite trim cap, the Vidon team is proud to introduce Jewelite Pro, a more flexible and workable trim cap product for our customers with demanding expectations. Both Jewelite and Jewelite Pro are available today - contact Vidon or your local distributor for samples or more information.

NOW AVAILABLE: JEWELITE SCREWS!

Half inch self-tapping screws painted to match our 5 most common colors: black, white, blue, red, and bronze 313. They are available in boxes of 1000 pcs from your local distributor.
